FARIHA MANSOOR

Full-Stack Web Developer | Modern Web Architecture

Karachi, Pakistan +92 34028086880 fariha.mansoor24@gmail.com LinkedIn: linkedin.com/in/fariha-mansoor24
GitHub: github.com/farihamansoor24

PROFESSIONAL SUMMARY

Results-driven Web Developer with 3+ years of core experience in building dynamic, scalable web applications, complemented by modern full-stack development skills (React, Next.js, Node.js, Express.js, TypeScript, MongoDB, Firebase). Demonstrated expertise in both enterprise PHP frameworks (Laravel, CakePHP, CodeIgniter) and modern JavaScript architectures. Following a planned career break for family responsibilities, fully equipped with an up-to-date modern tech stack, strong problem-solving abilities, and ready to deliver high-performance web solutions in a collaborative environment.

TECHNICAL SKILLS

- **Recent Skills & Upgrades (2025–2026):** React, Next.js, Node.js, Express.js, TypeScript, MongoDB, Firebase, Tailwind CSS
- **Frontend Technologies:** HTML5, CSS3, JavaScript (ES6+), AJAX, jQuery, Bootstrap 5, GSAP, Responsive Design
- **Backend & Enterprise Frameworks:** PHP, Laravel, CakePHP, CodeIgniter, REST APIs, MVC Architecture
- **Databases & Cloud:** MySQL, MongoDB, Mongoose, Firebase Auth & Firestore, Cloudinary
- **Tools & Environment:** VS Code, Git, GitHub, Vercel, Postman, XAMPP, WAMP

RECENT & KEY PROJECTS

Custom React Developer Portfolio | React.js, Tailwind CSS, GSAP, Swiper.js
(Live Demo: fariha-portfolio-ten.vercel.app)
- Architected a dark-themed developer portfolio featuring custom glowing UI effects, interactive GSAP animations, Swiper carousels.

SoftLand Landing Page | React.js, Vite, Tailwind CSS, GSAP, ScrollTrigger
(Live Demo: softland-landing-page-murex.vercel.app)
- Developed a sleek, fully responsive SaaS product landing page showcasing modern layout practices, clean component breakdown, and dynamic call-to-action sections.

Guildwork Web Application | HTML, Tailwind CSS, JavaScript, Firebase
(Live Demo: guildwork-app.netlify.app)
- Built a local service provider marketplace platform featuring Firebase authentication, service listing management, and real-time database integrations.

Fashion Blog Web Application | React, Tailwind CSS, Firebase, Firestore, Cloudinary
(Live Demo: fashion-blog-kappa.vercel.app)
- Developed a modern content publishing platform supporting rich media upload via Cloudinary, Firebase user authentication, and interactive reader engagement.

Bexon Landing Page | React.js, Vite, Tailwind CSS, GSAP, ScrollTrigger
(Live Demo: bexon-landing-page-silk.vercel.app)
- Re-engineered a corporate HTML5 agency template into a high-performance React application featuring interactive GSAP ScrollTrigger timeline animations.

VogueVault Landing Page | React, Tailwind CSS, Lucide Icons
(Live Demo: react-landing-page-2qsa.vercel.app)
- Designed and deployed a modern, mobile-responsive fashion showcase landing page featuring clean component architecture and smooth user interactions.

XReading Virtual Library Platform | PHP, CakePHP, MySQL, JavaScript
(Live Demo: xreading.com/login/index.php)
- Developed LMS features for students and teachers and implemented a robust publisher content management system (CMS) for an interactive reading platform.

PROFESSIONAL EXPERIENCE

Software Engineer | SRM Techsol Pvt. Ltd., Lucknow, India **June 2012 – July 2015**

- Architected and maintained scalable dynamic web applications utilizing PHP frameworks (Laravel, CakePHP, CodeIgniter) and MySQL databases.
- Collaborated with cross-functional technical teams to analyze client requirements, design system architecture, and integrate RESTful backend APIs.
- Engineered responsive user interfaces leveraging HTML5, CSS3, JavaScript, AJAX, and jQuery.
- Performed ongoing performance optimization, code refactoring, system testing, and bug remediation.

Software Engineer | Laitkor Info Solutions Pvt. Ltd., Lucknow, India **Feb 2011 – Apr 2012**

- Developed web applications using custom PHP and optimized MySQL database queries.
- Enhanced frontend UI components and implemented dynamic client-side interactivity using JavaScript and jQuery AJAX.
- Assisted in application troubleshooting, cross-browser compatibility testing, and routine feature updates.

Career Break — Professional Sabbatical **2015 – 2025**

- Planned career break to focus on family responsibilities. Dedicated significant time in 2025–2026 to upskilling in modern full-stack web technologies (React, Next.js, Node.js, Express.js, TypeScript, MongoDB, Firebase) and building production-ready projects.
